

Marathon Oil Tower

Form 6 Training is in the Auditorium

5555 San Felipe Street

(between Yorktown and St. James Streets)

Conference rooms are located on the 10th floor of parking garage area:

Instructions from IAH Airport to MOC Tower:

Take either U.S.59 South, I-45 South or the Hardy Toll Road South to I-610W (I-45 South is the closest to I-610W, but from the airport, it might be easier to get on U.S. 59 South)

Exit San Felipe

Turn Right on San Felipe

Go to Yorktown (after the 3rd traffic light); Yorktown will be at a stop sign

Turn left on Yorktown

Take the first driveway on the right. This driveway is the MOC breezeway.

Once in the breezeway, take the first left - this is the contract/visitor parking ramp.

Park on any of the levels (G1 thru G3).

Remember parking location.

Take elevator to Lobby (**or L**)

Exit this elevator, then walk a couple of steps either left or right - in the same bank of elevators (the visitor parking elevators only go to the lobby level, from there you must change elevators for higher floors).

Take this new elevator to the tenth level (or P-10).

The Conference Center is opposite the leather sofas.

A diagram of the floor is attached below.

If questions, please call Diane Boxie at 713-296-2441.
